

Full Stack Developer

Full-Time

Junior Level

Porto

Bottlebooks is an innovative start-up in the wine, beer and spirits business. We're opening up an engineering office in Porto and we're looking for an inspired and motivated Full Stack Developer to be part of the core team of this new location. In this position, you will work on our leading cloud-based information exchange platform.

We are a small, hard-working, fast-moving and flexible startup team.

At Bottlebooks, you will...

- be a core member of our team
- work closely with our CTO and all members of the Bottlebooks team from the CEO to Customer Support
- find solutions to a variety of different challenges from building new products to handling customer requests
- gain deep experience in the international wine industry

You will be a great fit, if you...

- demonstrate experience building and maintaining modern web applications
- love to solve complex problems
- are flexible, finding a fast moving team exciting
- build products that customers use and love
- are a self-starter that takes ownership of problems

Core skills you need to have...

- HTML5, CSS, Javascript
- Experience with RESTful API
- Experience building products or projects, open to recent graduates
- Able to communicate clearly in English

Nice to have skills...

- NodeJS
- MongoDB
- Experience with RESTful API
- Familiarity with Amazon Web Services
- Familiarity with SCRUM
- Knowledge and interest in wine, beer and spirits
- Fluency in other languages

Bottlebooks is...

a standard way for wine, beer and spirits businesses to exchange product information. It replaces tedious email and Excel forms with a single tool that producers and their business partners can use to organize, manage, and collaborate on professional information. Bottlebooks is available in 7 languages and is used by 4500 businesses in 42 countries. www.bottlebooks.me

Apply by...

sending us your CV with details of the earliest possible starting date as well as a salary request. Send us your application by email: david@bottlebooks.me

If this isn't exactly what you're looking for, send us an application with your focus of interest and key activities at david@bottlebooks.me or check our website www.bottlebooks.me/jointeam.
